

Medical Care and Medication

Medication for inmates may be brought to the Corrections Facility. Medications must be in the original prescription container. Medication will be dispensed according to the directions by the physician on the prescription label. Medications are dispensed to the inmate at a regularly scheduled time. All medical issues will be reviewed by the Corrections Supervisor. Some medical issues may be forwarded to the local physician. **Families may not make medical or dental appointments for inmates.** Corrections Supervisor will arrange for medical/dental appointments and treatment.
